Spectrum Series™ **G10**  
Professional Personal Monitors

**FUTURE  
SONICS**   
*Hear What You've Been Missing<sup>®</sup>*

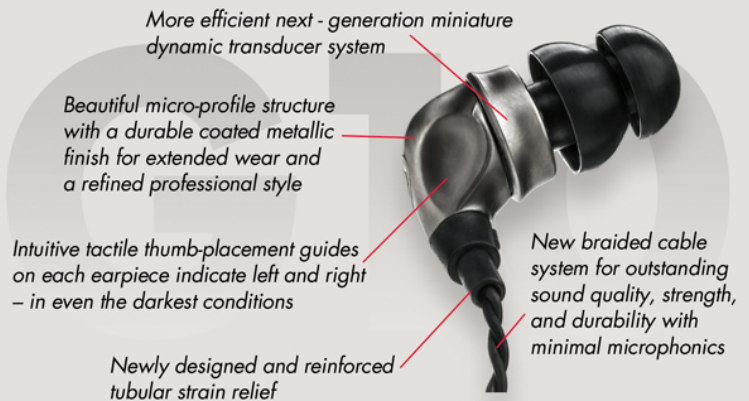

**Future Sonics has a more than 30 year history** as the industry leading innovator and provider of the finest quality custom Ear Monitors® in the world for top musicians and audio engineers. Future Sonics is pleased to introduce its latest innovation, the Spectrum Series™ model G10 universal-fit professional personal monitors. The G10 is the perfect solution for live, studio, broadcast, worship, and personal use applications.

Attention to detail is evident in all design aspects of the Spectrum Series™ Personal Monitors. At Future Sonics, the focus is to produce the finest audio signature in the industry and the Spectrum Series™ G10 continues that long-standing tradition.

### Features

- Incredibly smooth, natural, signature sound producing ultra-wide spectrum audio
- New ergonomic design for a more effective and comfortable fit in your ears
- Moisture - resistant structure
- Multiple fit options with ComfortFit™ and EarFills™ sleeves – including sizes for children
- Optional upgrade to custom-fit SofterWear™ sleeves (at an additional cost, plus ear impressions)
- Designed in the U.S.A. for the live stage, recording studio, broadcast or worship

### Spectrum Series™ Professional Personal Monitors

### The Power of 1™

*“Future Sonics has unique voice coil and dynamic transducer technologies that provide a smooth, natural HD audio signature - one that is structurally moisture resistant, always in phase, and with energy that you can feel. Why count drivers when you can listen instead and spend the time being one with your music...”* – **Marty Garcia, Founder/CEO of Future Sonics**
